the details

WEDDING DATE

November 7, 2020

HOW THEY MET

We first met in elementary school and grew up in just a couple streets apart. However, it wasn't until junior high that I received the first AIM message from the screen name, rhrockchalk22. I guess the rest is history!

PERSONAL PIECES

I tied a necklace that has been passed down to each bride in my family for generations around my bouquet and carried it with me.

FAVORITE WEDDING DAY MEMORY

My favorite part was the ceremony. I had pictured in my head what it might feel like, but the real thing was so much better. -Rob

My favorite was the short time between the ceremony and reception, the nerves were gone and we got to take a breath and celebrate.

- Haley
